

Club Championships:

Congratulations to Trevor King for winning this years Club Championship. His rounds of 72 and 76 gave him a total of 148 (6 over par) and a 3 shot winning margin over second placed Craig Baker. Neil Colwill took third place after a best of the day 72 on Sunday which included an eagle on the 17th.

In the nett competition, the trophies were won by Ben Overy and Karen Smith in divisions one two respectively.

Staffing:

The club has this week has had to join the many other companies seen on the news on a daily basis in making redundancies. This is regrettable and has been undertaken in order to streamline the business and safe guard our future. The staff leaving will be missed however, for those who are left it will be business as usual.

Food and Beverage:

The new menu is out and the new wine list will be coming soon.

Website:

Using recent helicopter footage, the posting of the course plan on the website is near completion along with the new style web pages. We will send you a brief email when we have the date this goes live.

Driving Range:

The new driving range balls are now in (6000) and are of a very good quality. They replace the well used ones which were running low on quantity also.

Patio Area:

We have purchased new umbrella's for the patio area with the previous ones being damaged by the wind. We have enough for every table and they should make the current weather spell more enjoyable to sit outside in.

We will be erecting a post and rail fence on the putting green side of the wooden decking area of the patio and also using trellis to effectively seal the area of patio outside the Willow Suite. This will give members their privacy on the patio whilst large functions/ wedding receptions are taking place and will hopefully also stop the problem of children escaping onto the putting green and rockery area.

Club Championships:

Good luck to everyone who is entering. We hope that it is an exciting and an enjoyable weekend for all.

Feedback:

We welcome any constructive feedback at any time about the course or the club or any ideas that you have which might improve Surrey Downs.
